Golden Triangle with Pushkar*

India is a Story & an Experience Together

You can travel to India and go back without feelings or you can fall in love with her! Because, the dances you see, the songs you hear, the dramas you experience and the food you eat, all are but a part of the history and the stories relating to the people of this country, culminating into an experience that makes travel interesting and unique.

The Golden Triangle is the most taken itinerary by the tourists from all over the world. We make this regular itinerary special by giving you the real feel of India and the culture called "Indian" in its true sense!

Begin with the vibrant political capital of India, Delhi and with a quiet sojourn in the lost hamlet of Pushkar, this itinerary will give a showcase to India like never before, wanting you to come more!

Unique Indian Experience

This unique Indian experience will give you an enthralling visit to the Political Capital of Delhi; get mesmerized with the Romantic building of Taj Mahal and experience the warmth of Kingly hospitality in Jaipur. But it would be in Ajmer / Pushkar that we shall have something special to enhance your "unique Indian experience".

The highlights...

Delhi means new and old, fashionable and traditional, staying together and going side by side. This political capital of this vast sub continent has always been the most important cities of the world from ancient times.

Agra, once the Mughal capital has the Taj, the most beautiful building in the world, dedicated to love! Your heart fills with warmth and awe looking at the monument, the history surprises you and the love within wraps you with warmth!

We tell you the same story, but live, in a dance drama format at Agra. This drama re creates the history with the monument as the back drop.

Royal Entourage...

Arrive at Jaipur and you immediately feel you have landed in the land of kings. The tall menfolk and the vibrantly dressed women, gives you an assuring feeling.

Jaipur is a story at every nook and corner. The pink city, true to its colour makes you feel pink in health, the hospitality makes you feel equally royal!

Jaipur has been a princely state and still has many royalties staying in the city. The city is famous for its beautiful jewelry, each piece is unique and has a story behind its creation.

Pushkar

To add to that Indian experience we have chosen Pushkar to the itinerary. Pushkar and Ajmer are the twin hamlets with hardly any distance. While Pushkar is supposed to be one of the rarest places with a temple of Lord Brahma (creator of the earth as per Hindu mythology), Ajmer is one of the holiest shrines for a devout muslim. Both these places are thronged by Pilgrims.

It is said that Lord Brahma was cursed once that though he was the creator of the world, he would never be prayed by the mankind, hence there is no other temple of the creator but only in Pushkar.

The world famous Dargah Ajmer Sharif brings in devotees from across the world in huge numbers. The soul of the Khwaja Moinuddin Chisti rests here in peace and fulfills all the wishes of the devotees who come here for the blessings.

**At Pushkar we choose you stay at
the Ananta resort. This resort has
a special Spa.**

Ananta Spa & Resorts

The place was one of the major stops on the silk route from China to the middle east and the European countries. As just past Pushkar, it is the desert that one has to cross. Feel the desert, we take you to the sand dunes, on the ship of the desert. Here not only will you see the sun set and turning the sand into molten gold, but you will also experience the rural India.

**We shall have an
accompaniment of traditional
music players...**

... and bedecked Camels

**The beats of Nagara, huge
traditional drums,
will enthrall you upon arrival at
the dunes.**

**We have a team of tribal dancers
who will be there to create the
essence of the night.**

A full goat will be roasted and ready to serve. Slowly cooked with spices specially taught by traditional Cook Families, where recipe is passed from father to son and is always within the same family. These recipes are kept secret as these cooks are afraid that a daughter when married to another family will part with secret recipe. So in a country where women handle kitchen at home best recipe of any royal banquet is always with male folks. You can also try to learn a few tricks in open kitchen just the way in past Royale entourage used to have their camping dinner!!!

India is within its mystique. For years and ages and centuries kings, emperors and presidents had been to the house of Chisti and asked for blessing to full fill wishes. Last such one is Karla Brunei Sarkozy. First lady of France. As the whisper goes: she covered her head in a scarf, tied a knot of thread on the tomb and wished a child. And then she was blessed with a daughter. May be not true, this is the reason for her to have the baby. But it is for sure for hundreds of years the belief and faith hold India bound as a country. It is this phenomenon that we also have reflecting in songs! The evening will be yours to feel.....

Best quality Indian Black Rum mixed with Coke and served cold is just a perfect high to enjoy evening. You will have choice to have other common drinks of Cola or Mineral Water.

**With an hour of Yoga training in
the morning,
you will have a calm feeling within.
Rejuvenate and find your own self.**

Lastly we have parting gifts for each in the group, simply because you have been to India and we know you will come back to search more of this country where you are also as much a part as your imagination would be, and also to keep our memories alive!
